Also as procedure of China Embassy in your country to get legalization of background check and bachelor degree. (This blue sticker will be attached to the back of your all certificates)

Secondly, the employer will apply for the Work Permission and send them to you for your Chinese visa application.

Thirdly, you need to prepare all documents as Chinese embassy required (all applicants must apply for the visa in your **original birth country**), and apply for an entry visa. (Please notice that this is not the formal WORK VISA)

With this entry visa, you can go into China. Your employer will help you to finish the final step of the work visa application. After this, you will get the foreign expert certificate and residence permission, then you can legally stay and work in China for at least one year.
